About Sellafield Ltd:

We're creating a clean and safe environment for future generations.

From cleaning-up the country's highest nuclear risks and hazards to safeguarding nuclear fuel, materials and waste, our work is nationally important.

We do this work on behalf of our owner, the Nuclear Decommissioning Authority.

We can't clean up the site on our own.

Our teams work hand-in-hand with colleagues from the supply chain. We spend more than half of our annual £2 billion budget bringing in specialists in nuclear, engineering, construction and demolition.

Cleaning up the site will take us more than 100 years, and there is much that we still don't know. Every day we are building greater certainty, and we will be the generation that makes demonstrable progress in cleaning up the site.

That will be our legacy.

Working with us:

Our Supply Chain is critical to Sellafield in delivering against our mission, we are therefore investing in the relationships with our suppliers, adopting a structured, collaborative approach.

Our work at Sellafield can only be achieved through strong partnerships with the supply chain.

The Sellafield Ltd Supply Chain Strategy 2019/20 sets out how we will work with the supply chain to deliver the Sellafield purpose.

Sellafield Ltd conducts its commercial activities in line with **procurement regulations**.

We do not have a preferred supplier list. Any supplier who meets the stated requirements and criteria of an opportunity can tender.

Contract opportunities are awarded through open competition in line with the general European Treaty principles of non-discrimination, equal treatment and transparency in order to ensure we provide value for money to government and taxpayers.

Opportunities are also available for businesses to work indirectly as a subcontractor through our **Prime Partners**.

The Supply Chain Development Team works as the conduit between Sellafield and the supply chain and should be the first point of contact for any enquiries. The team can be contacted on: supply.chain.enquiries@sellafieldsites.com

We also use LinkedIn to advertise out engagement days and procurement opportunities so make sure to follow us on our **LinkedIn** page.

Finding tender opportunities:

Current opportunities to do business with Sellafield Ltd are advertised on our **Procurement Plan Schedule** which is published every month and sets out our procurement activities for the next 3 – 5 years **(Note that tender dates are subject to change)*. To bid for these opportunities, suppliers must register on **Atamis** system. Once you are registered on the system, you can use it to manage your tendering activities.

The Procurement Plan Schedule also details our awarded tenders that suppliers use to identify relevant opportunities to subcontract with one of our Prime Suppliers.

For details of our prime suppliers who hold large contracts or frameworks with Sellafield Ltd, please click the link **here**.

How to do business with Sellafield Ltd

We advertise our procurement opportunities via:

- **Atamis**
- HM Government **Contracts Finder**
- **Find a Tender** service (subject to public procurement regulations thresholds)

On occasion, we use existing frameworks and DPSs (Dynamic Purchase Systems), as appropriate, such as **Crown Commercial Service**

LINC For SMEs:

We are passionate about contributing to the UK SME Agenda and we encourage SMEs at local and national level to work together to deliver innovative solutions to our purpose. We recognise that SME Agenda is more than a financial target. It is about committed interaction and engagement with the SME community, to evaluate, realise and materialise every possible business opportunities. For further details on how we aim to spend a third of our supply chain spend with SMEs, please see the **SME action plan**.

LINC (Liaise, Innovate, Network, Collaborate) has been designed to provide Sellafield Ltd with direct access to SMEs.

It is designed to increase participation of Micro, Small and Medium Enterprises (SMEs) directly with us and is available to all procurements up to a maximum value of £180k.

This works as a great platform to allow our SME community to work directly with us and to bring innovative solutions to our opportunities.

Only registered suppliers will be able to participate in a LINC opportunity. In order to qualify for LINC in **Atamis** please either log in with your existing details or register for Atamis using the following link: <https://one-nda.force.com/s/> Welcome and navigate to CC11968 - LINC with Sellafield Ltd Qualification.

Further guidance is provided on our website on how to register for LINC with Sellafield Ltd, please click **here**.
